Can we share a revised draft of the permit with ECAD?

Hi Maria – Hope your holiday was restful and fun. I wasn't sure if Brent was still out for Holidays, but I was hopeful we could get an idea what changes occurred after response to comments.

Is the Permit in a place we could get a copy?

Brent,

During the past (2017) permit renewal, we (enforcement) were able to review the final draft before it went to OMB. Do you know if we will get that opportunity, if so, just let us know the turnaround time and we will make sure to meet it.

Hi Brent,

I heard that the permit may not be issued until January 2023 at the earliest (and not in December 2022), is this true? I'm asking so that we can plan our training accordingly.
